Can you create a customised email campaign that addresses their unique needs and interests and contains offers and content that is pertinent to them? Which best practises exist for creating targeted email campaigns for various customer segments? How can we analyse our audience data to pinpoint important demographic groups and tailor our campaigns to each one?
Creating appointment scheduling links	Can you help me create an appointment scheduling link that I can put in my emails for our [sales calls/meetings]? What kind of terminology, customization, and messaging should I employ to enhance the user experience? We need to schedule a number of [sales calls/meetings]. Can you create links for each appointment's scheduling and assist us in integrating them into our website? What are some best practices for developing appointment scheduling links that cater to various appointment types and user requirements? How can we customise the links and make them more effective for different user groups?
Developing appointment confirmation workflows	Can you assist me in creating a workflow for our sales calls that includes a personalised confirmation message and follow-up reminders for appointments? What language and messaging should I employ to enhance the user experience? We must set up workflows for appointment confirmation for a number of meetings with potential partners. Please assist us in automating the procedure and customising the confirmation messages for each partner. What are some best practises for creating workflows for appointment confirmation that are suitable for various appointment types and user requirements? How can we customise the messages and make them more effective for different user groups?
Developing cross-sell and upsell campaigns	Can you create a list of products we should suggest to customers who have just bought [Product A]? A cross-sell campaign that highlights related products and raises our average order value is something we want to create. We intend to start an upsell campaign to persuade users to subscribe to our premium plan. Could you create copy that emphasises the advantages of our premium subscription and persuades users to upgrade? We want to create a cross-sell campaign that targets clients who have bought [Product A] and are probably interested in [Product B]. Can you come up with a list of suggested clients and messaging that emphasises the advantages of both products?
Crafting video sales pitches	Can you recommend a few salient characteristics and advantages of our AI for Healthcare course that we should emphasise in a video sales pitch? [Insert any particular demands or limitations you may have here.]" How can we create an engaging video sales pitch for our AI for Finance course that will entice our target audience to sign up? [Insert any particular demands or limitations you have here.]" I need some assistance coming up with a hook for our video sales pitch for AI for Marketing. In order to keep viewers interested, we need to capture their attention. [Insert any specific requirements or constraints you have here.]"
product information	
Writing product descriptions	Can you create a product description for [Product Name] that highlights its special qualities and advantages and clearly communicates why it's a worthwhile purchase? I need assistance creating a product description for [Product Name] that clearly conveys its salient features and advantages in a compelling manner. Could you help me with this? I want to write a product description for [Product Name] that accurately outlines its features and advantages while also emphasising how it differs from competing items. Can you come up with a description that does this? Can you create a product description for [Product Name] that clearly communicates the issue it addresses and the advantages users gain from using it?
Developing product comparison charts	Can you assist me in making a chart that compares [Product A] and [Product B]? To assist customers in making an informed choice, I want to draw attention to important features, advantages, and pricing details. For our newest product line, which consists of [Product A], [Product B], and [Product C], I need to create a product comparison chart. Can you give me insight into the key characteristics and advantages to emphasise for each product, along with the associated costs? "I want to write a product description for [Product Name] that accurately outlines its features and advantages while also emphasising how it differs from competing items. Can you come up with a description that does this?" "We're launching a new product line and want to create a comparison chart that highlights the unique features and benefits of each product. Can you provide me with data analysis and customer feedback insights to help identify key areas of comparison and highlight product strengths and weaknesses?"
Generating product tutorial videos	Can you give me a description of the main points and instructions for using [product name] in a tutorial video? I want to make a tutorial video for [product name]. Could you advise on a format and structure that would effectively convey the product's usage? Can you offer some original ideas for how to present the information? I need to make a tutorial video for [product name], but I'm not sure how to make it interesting. Could you assist me in creating a [product name] tutorial video that is simple to follow for new users while still offering insightful information to more seasoned users?
Developing interactive product demos	For [product name], I'm making an interactive product demo. Would you be able to assist me in coming up with prompts that will highlight the main advantages and features of the product as well as provide common user queries about its use and functionality? I want to develop a demo that lets customers interact with [product name] and get tailored advice based on what they say. Can you create questions to help users through this process and then deliver pertinent information based on their answers? I want to make the product demo for [product name] feel more conversational and interesting. I am working on it. Can you create prompts that sound natural and give users the impression that they are conversing with the product? I need assistance developing prompts for an interactive demonstration that will highlight the simplicity and ease of use of [product name]. Is it possible for you to create prompts that will explain to users how to use the product and how it will help them in their daily lives?
Crafting product marketing videos	Can you assist us in producing a video tutorial showing how to use the product to accomplish the goal? Please outline all necessary steps and highlight any crucial information. We require a video tutorial that contrasts the attributes of products A and B. Can you assist us in putting together a side-by-side comparison that emphasises the distinctive advantages of each product? Can you make a video tutorial that responds to some of the most typical queries or worries customers have regarding product? Please give answers that are succinct and clear so that customers can benefit the most from the product. For [product], I want to make a number of videos that walk users through particular features and use cases. Can you recommend any formats or styles that would work well to highlight the features and capabilities of the product?
Creating virtual product tours	can you assist me in developing a virtual product tour for [COMPANY NAME]? We are experts in [PRODUCT/SERVICE] and want to engage customers by interactively showcasing our features. In order to showcase our new line of [PRODUCTS], I need to create a virtual tour. Do you have any suggestions for how to make the tour interesting and interactive? I need assistance writing a script for my virtual tour because I'm creating one for my [EVENT/TRADE SHOW]. Can you assist me in writing a script that effectively communicates the main benefits of our products?
Content Marketing	
Writing blog articles	We want to write a blog post that highlights the advantages and characteristics of the product. Can you assist us in creating content that clearly demonstrates how our product can assist businesses in overcoming particular obstacles and achieving their objectives? Can you produce a blog post demonstrating how "product" is being used in a particular industry or use case? Please give specifics and illustrations that will appeal to readers in that market. We want to write blog posts that highlight the various uses and applications for the product. Can you assist us in creating content that clearly explains how our product can be used in a range of different situations and industries?
Creating infographics	Can you create an infographic template about [TOPIC] that features [STATISTICS/FACTS]? I want it to have a contemporary design that incorporates [COLOUR SCHEME/LOGO/BRANDING] and to be visually appealing and simple to understand. I require a template for an infographic that contrasts [TWO OR MORE TOPICS, PRODUCTS, OR SERVICES]. With simple graphics and little text, it should highlight the most important qualities and advantages of each. Please make sure it is simple to follow and visually appealing. I need an infographic template that outlines the [PROCESS/TECHNOLOGY/CONCEPT] process. With clear and concise visuals that clearly and concisely illustrate each step, it should be simple to understand for a non-technical audience. Please adhere to our brand guidelines when choosing your colour scheme.
Developing webinars	Could you come up with a list of possible webinar topics for [TARGET AUDIENCE/INDUSTRY/AREA OF INTEREST]? The subjects ought to be interesting, instructive, and pertinent to our corporate objectives. Please mention any potential subtopics and important conclusions. I require a thorough summary for a webinar on [TOPIC]. The main ideas and methods related to [TOPIC] should be covered, along with case studies and examples from the real world. Please include specific discussion topics and questions. Can you create a webinar script on [TOPIC] that is aimed at [TARGET AUDIENCE]? With concise explanations and pertinent examples, the script should be interesting, educational, and simple to follow. Please provide any pertinent information or statistics.
Conducting keyword research for content	Can you create a list of [TOPIC's] high-volume keywords? The keywords should have little competition and be pertinent to [TARGET AUDIENCE]. Please add any relevant words or phrases that could help with content optimisation. I must make my content search engine friendly. The search intent and competition for the keywords [KEYWORD 1], [KEYWORD 2], and [KEYWORD 3] can you provide some insights? Please advise me of any relevant words or phrases that could help me optimise my content. I need a list of long-tail keywords for [TOPIC], please. The keywords ought to be highly searched for and specific to [TARGET AUDIENCE]. Please offer any relevant information, statistics, or data to back up the suggested keywords.
Generating social media graphics for content	Can you recommend some original social media graphics for promoting a blog post about millennial Instagram target audiences? The graphics should include pertinent images and bold typography, and the tone should be positive and colourful. Please recommend some social media graphics to help Facebook users learn about our most recent product launch. The [brand colours and logo] should be prominently displayed in the graphics, which should be minimalist and contemporary. I'm looking for inspiration for social media graphics to use on Twitter to advertise our upcoming webinar. With a professional tone and pertinent images, the graphics should be interesting and informative.
Crafting social media copy for content	As a [Brand Name], I'm looking to create social media copy that successfully promotes the release of our new product and connects with [Target Audience]. Can you assist me in coming up with a variety of original and captivating suggestions and insights that will allow us to clearly explain to our audience the advantages and worth of our new product? I want to write social media copy that effectively conveys to my target audience the value of my offerings while highlighting the special qualities and advantages of my [Product/Service]. Can you help me come up with a variety of concepts and insights that are original, captivating, and appealing to [Target Audience]?

	How can ChatGPT analyse my sales data for the past [TIME FRAME] for [PRODUCT/SERVICE CATEGORY] in [REGION] and [IDENTIFY/ANALYZE] customer behaviour patterns such as [PURCHASING FREQUENCY/LOYALTY/RETENTION] and [PREFERRED/POPULAR] payment methods, and provide [SUGGESTIONS/RECOMMENDATIONS] to increase [CUSTOMER
Conducting sales forecasting	How can I use ChatGPT to create a sales forecast for [SPECIFIC PRODUCT/SERVICE] in [SPECIFIC MARKET/REGION] for the upcoming [SPECIFIC TIMEFRAME] based on [SPECIFIC PAST SALES DATA/MARKETING TRENDS/OTHER DATA], accounting for elements like [SPECIFIC SEASONALITY/COMPETITION/PRICE CHANGES]? 	WHAT are the most effective [CONTENT TOPICS/THEMES] for my [AUDIENCE/TARGET MARKET] and HOW can I create more [CONTENT TYPE] around them by [CONTENT IDEA GENERATION/COMPETITIVE ANALYSIS]?"
Video Production	
Developing video production strategy	How can I develop a video production strategy that is [INSERT BRAND VOICE]-aligned, [INSERT TARGET AUDIENCE DEMOGRAPHIC]-relevant, and engaging on [INSERT PLATFORM]?"
	Can you recommend specific video types, such as [INSERT TYPE], that would be useful for my [INSERT PRODUCT/SERVICE], and how can I distribute them to maximise engagement and conversions among [INSERT TARGET AUDIENCE]?"
	What are some creative ways I can incorporate [INSERT TRENDING TOPIC] into my video production strategy to broaden my audience's reach and engagement?"
Planning video shoots	Please advise on some [ADJECTIVE] camera positions and [ADJECTIVE] shots to take for my [GENRE] video based on my [ADJECTIVE] storyboard.
	What are some [ADJECTIVE] methods of recording high-quality audio during a video shoot in [LOCATION] with [NUMBER] [ADJECTIVE] speakers?" "
	Could you help me plan a [ADJECTIVE] video shoot schedule for my [GENRE] project, including pre-production, production, and post-production timelines?" "
	What are some [ADJECTIVE] methods to incorporate [ADJECTIVE] special effects in my [GENRE] video about [TOPIC]?"
	Can you suggest some [ADJECTIVE] methods for working with a group of [NUMBER] [ADJECTIVE] experts during a video shoot in [LOCATION]?" "
Product Information	
Generating product descriptions	Please give [Product Name] a product description. This product has [Main Feature/Benefit] and [Product Category]. It is [Product Specification] and is made for [Target Audience].
	I require a [Product Name] product description. The [Main Feature/Benefit] of this [Product Category] is well known. It has [Product Specification], [Additional Feature/Benefit], and is made for [Target Audience].
	Would you be able to create a product description for [Product Name]? For [Target Audience] who want to [Main Feature/Benefit], this [Product Category] is ideal. It has [Product Specification], [Additional Feature/Benefit], [Unique Selling Point], and [Product Specification].
Providing technical specifications	Could you kindly produce a thorough technical specification for [PRODUCT NAME] that includes information on the [FEATURES], [PERFORMANCE REQUIREMENTS], and [INDUSTRY STANDARDS] that must be adhered to?"
	For [SYSTEM NAME], please develop a technical specification outlining the [FUNCTIONALITY], [COMPONENTS], [PERFORMANCE], and [STANDARDS] necessary for optimal operation.
	Technical specifications must be created for our new software product. Could you offer suggestions for [FEATURES], [PERFORMANCE], and [BEST PRACTISES] that ought to be in the specification? Include any pertinent [INDUSTRY STANDARDS] that must be followed as well.
Generating comparison charts	Please create a chart that compares the prices of product/service/company A> and product/service/company B>. Please mention pertinent features, offers, and price tiers. If you have any additional comments or insights, please share.
	Can you create a comparison chart showing how satisfied customers are with product/service/company A and company B? Please provide pertinent metrics, including response rates, client feedback, and survey results.
	The market share of product/service/company A> and product/service/company B> in the AI education industry should be compared, please. Data on revenue, user base, and growth rates should be included. Add any pertinent information you may have.
Creating FAQs for products	What are the [product name]'s main characteristics, and how will they benefit me as a customer?"
	How does [product name] compare in terms of quality and cost to equivalent products on the market?"
	Can you run me through the [product name] installation process, including any required hardware or software requirements?"
Generating product usage instructions	Can you assist me in developing usage guidelines for [product name]? I require thorough, step-by-step instructions for using it.
	I'm looking for a thorough user manual for [product name]. Can you give me comprehensive instructions on every aspect of its features and operations?"
	[Product name] needs a user manual, but I don't know where to begin. Can you assist me in creating thorough instructions for each of its parts?"
Creating installation instructions	Please give thorough directions on how to install [product name] on [operating system]. Include details about the system requirements, configuration options, and any updates or downloads that are required.
	Would you be able to assist me in developing an installation guide for [software/hardware] that is targeted at users with a basic level of technical knowledge? When necessary, please include screenshots along with clear and concise instructions.
	I must write an installation manual for a complicated system with numerous parts and setups. Please offer a thorough, sequential step-by-step instruction manual that covers all essential procedures.
Creating video tutorials for products	Hey ChatGPT, what are some good ideas for [target audience] of [product name] for [specific topic] video tutorials?"
	I need to make a tutorial video for [certain product feature]." ChatGPT, could you assist me with a script and some [adjective] visual aids?"
	What are some [adjective] strategies for increasing [target audience's] interest in my [product name] video tutorial, ChatGPT?"
Providing product recommendations	I'm trying to find a "product" that fits a "occasion." Can you suggest something that satisfies my needs?"
	I'm thinking about buying a "product," but I'm not sure what features I'll need. Can you make some recommendations for me based on my preferences?"
	I am a "customer type" looking for a "product type" that fits within my "budget," so hello ChatGPT. Could you suggest a few options?"
Generating product release notes	What significant alterations have been made to 'Product' in the most recent release? Please use ChatGPT to create a detailed report of the changes.
	Can you assist me in using ChatGPT to create release notes for Product version "Version"? I require thorough and instructive notes.
	I need to create 'Product' release notes that list new features, bug fixes, and performance enhancements. Can you help me with this task, ChatGPT?"
Sales & Promotion	
Generating promotional emails	Could you give me a list of a variety of email subject lines that would effectively market our [product/service] to [target audience]?"
	In our promotional emails for [an upcoming event/a limited-time offer], how can we [create urgency/establish authority/build trust]?"
	How can we make sure the content of our promotional emails is both pertinent and interesting while also catering to different audience segments, such as [age range/geographic location/interests]?"
Creating marketing copy	How can we highlight the [key benefits] of [product/service] in our [website/brochure/social media post]? Can we use any [unique selling points] to influence or persuade our audience? How can we clearly and persuasively [emphasize/communicate] the value of our [product/service]?"
	In order to set ourselves apart from [competitors/industry standards], what [unique features] of our [product/service] can we [emphasize/highlight]? How can we [position/present] ourselves in the market as [innovative/unique/different]? What [problems/challenges] do our customers face, and how can we [address/solve] them superior to anyone else?"
Generating promotional product images	I need a promotional product image that will [stand out from the competition/grab attention/communicate my message] because I'm [launching a new product/rebranding/running a promotion]. Can you offer some original design concepts that will appeal to my [target audience/demographic] and [increase engagement/drive sales]?"
	I need a promotional product image that [highlights the features/benefits of my product/stimulates social sharing/creates a sense of urgency]. In order to help me accomplish this, could you offer some design recommendations that [use the colours and fonts of my brand/incorporate the newest design trends/reflect my brand's personality]?"
Creating sales scripts	Hey ChatGPT, could you create a sales script that highlights the [unique feature/benefit] and how it can alleviate [customer pain point] for [Product/Service Name]?"
	Hello ChatGPT, I require a sales script to persuade [Target Audience] to buy our [Product/Service Name]. Describe [competitive advantage] and [unique value proposition] to assist.
	Hello ChatGPT, could you send me a sales script that addresses common objections like [objection #1], [objection #2], and [objection #3] and targets [Target Audience]? Can you also emphasise how our [Product/Service Name] can [solutions #1, #2, and #3]?"
Creating discount codes	Can you recommend special discount codes that fit my "business type" business goal and target market?"
	I require a coupon code for my product name. Can you give me a few choices from which to choose?"
	I'm organising a sale for a/seasonal event". What kind of discount coupons are the most effective for helping me reach my sales targets?"
Please recommend a product bundle that includes [Product A], [Product B], and [Product C] for me, ChatGPT. I'm trying to find a package that would be interesting to [Target Demographic] customers.	

Generating product bundle offers	<p>could you assist me in developing a bundle offer for customers who have already purchased [Product Z] that includes [Product X] and [Product Y]? I want to make sure the deal is enticing enough to encourage repeat business.</p> <p>can you create a bundle offer for customers interested in [Product Category] that includes [Product P], [Product Q], and [Product R]? To make the offer more alluring, a discount or special promotion should be included.</p>
Creating upsell and cross-sell recommendations	<p>What other [product category] would the customer be likely to buy next for their [specific need] needs, and how can we effectively market these products to them, based on their purchase history?</p> <p>How would the [specific product] that the customer just bought fit into their [specific situation] situation and [specific preference] preferences? What are the top three [product category] products that would fit?</p> <p>What incentives can we provide to entice customers in the [demographic] demographic who have previously purchased [product category] products to make these purchases? Can you suggest some items that are frequently purchased alongside [specific product]?</p>
Creating holiday and seasonal promotion	<p>In light of the [unique features/attributes] of the product/service and the [demographic/psychographic characteristics] of the target audience, what are some creative promotion ideas that [product/service] can leverage during [holiday/season] in order to differentiate from [competitors/other businesses] and increase [sales/brand awareness]?</p> <p>How can a multi-channel campaign that promotes [product/service] during [holiday/season] and resonates with the [emotions/behaviors/attitudes] of the target audience be effectively implemented to result in increased [sales/engagement/brand loyalty] and an improved [reputation/brand image]?</p>
Generating sales leads	<p>What [pain points/challenges] are [prospective/ideal] customers in [industry/field] dealing with the most frequently, and how can our [product/service] [name] offer a solution to deal with these issues?</p> <p>What are the best [channels/methods] for contacting [decision-makers/key stakeholders] at [companies/organizations] in [industry/field] and how can we tailor our outreach strategy to target them?</p> <p>Please list the top [companies/organizations] in [the industry/field] that are likely to be interested in our [product/service] [name], along with information on how we can successfully contact them.</p>
Phone Support	
Troubleshooting technical problems over the phone	<p>Hello, I'm trying to troubleshoot a technical issue over the phone with a [customer/client], but I'm not sure where to start. Could you walk me through some basic steps for troubleshooting the [device/software] that I can try?</p> <p>I'm on the phone with a [customer/client] who is having a technical problem, but I'm not understanding the issue," the caller said. Could you advise me on the best questions to ask to identify the problem? What, for instance, [symptoms/error messages] should I watch out for?</p> <p>I'm working with a [customer/client] to troubleshoot a technical issue, but they're not very tech-savvy, so they're having trouble following my instructions. How can I make my language clearer and my steps more concise? How, for instance, can I translate [certain technical term] into more lay terms?</p>
Tracking and analyzing customer data to provide targeted solutions	<p>What aspects of [product/service] purchase decisions are most significant to customers? What adjustments can we make to our [marketing/sales/communication] strategies to better meet these demands and boost [conversion/retention/loyalty] rates?</p> <p>What are the most prevalent customer pain points relating to [product/service] based on [customer data metric]? How can we make use of this data to offer specific solutions?</p> <p>What [marketing/communication] channels are most successful at reaching customers who are interested in [product/service]? How can we increase [sales/conversions] and reach these customers by optimising our [marketing/sales] efforts?</p>

Could you please assist me, [ChatGPT]?</p> <p>How can we determine the best offers to make to callers [who have expressed interest in a particular category or product] but [have/have not] made a purchase yet?</p>
Generating quick, concise responses over the phone	<p>My name is [Name], and I work at [Company] in [Customer Service/Sales]. The [Product/Service] of [Company/Brand Name] is frequently brought up by [Customers/Clients]. Can you provide me with some advice on how to [use ChatGPT to produce prompt and accurate responses]? Can you specifically give me a template for [Common Question]?</p> <p>Hello, ChatGPT From [Company], I'm [Name]. They are [calling/speaking to a customer] and have a question about [Product/Service]. Can you assist me in [producing a prompt and precise response]? Can you specifically give me some information on [certain feature or benefit]?</p>
Creating scripts for complex issues and inquiries	<p>Would you kindly create a script for [a particular problem or question]? Include the [required action] steps and any additional [relevant factor] considerations.</p> <p>I need a script to deal with [a particular aspect of the problem or query]. Can you offer a thorough outline that covers the [needed steps] as well as any potential obstacles and how to get around them?</p> <p>[Specific product or service] is causing a complex problem for our team. Can you write a script that addresses [certain issue] and gives [needed action] clear instructions? Please make sure the script is clear and comprehensive.</p>
Providing personalized solutions and recommendations over the phone	<p>What are some [strategies/techniques] that can be employed to [quickly understand/collect relevant information about] the customer's [specific needs/preferences/requirements] during phone conversations, and offer [tailored solutions/recommendations] using ChatGPT?</p> <p>How can ChatGPT be instructed to [understand/respond to/anticipate] the customer's [questions, concerns, or feedback] and provide [relevant/accurate/timely] recommendations over the phone?</p> <p>What are some [best practices/tips] for using ChatGPT to give customers [personalised solutions/recommendations] based on their [distinct/individual] needs during phone conversations, and for [active listening/effective communication/building rapport] with them?</p>
Generating phone templates to ensure consistent messaging	<p>I must create [number] phone templates so that our [team/department] receives consistent messaging. Can you provide me with instructions on how to make these templates using [ChatGPT] or another AI language model?</p> <p>Our business wants to make sure that all of our phone communications use the same messaging. Can you assist me in developing [number] templates for our phone communications using [ChatGPT/any other AI language model]?</p> <p>I'm finding it difficult to create phone templates with consistent messaging. Can you explain to me how to create [number] templates using [ChatGPT/any other AI language model] so that we can use them in our communication efforts?</p>
Generating automated responses for common issues and inquiries	<p>Hey ChatGPT, can you give me some advice on how to have a productive phone onboarding conversation with [certain industry/vertical] customers? I want to make sure that brand-new clients are welcomed and onboarded effectively.</p> <p>How can I get ready for a phone onboarding conversation with a new customer, ChatGPT? What are some important inquiries I should make and details I should offer to guarantee a smooth and educational call? What specific questions should I pose to the customer to ascertain their level of knowledge and understanding of the [product/service]?</p> <p>Hello ChatGPT, could you assist me in creating an automated response for [specific problem or question] that frequently arises on calls with our customers? It should sound courteous and helpful and contain [specific information or a solution].</p>
Creating onboarding phone conversations for new customers	<p>Could you give me some examples of specific questions or prompts I could use to welcome new clients and learn about their needs and objectives? For each customer, I want to ensure that the conversation is both engaging and personalised.</p> <p>How can I make the onboarding conversation feel approachable and professional by using my language and tone? I want to establish trust with the client and [set the appropriate tone] for the relationship. During the onboarding conversation, are there any [best practices] or [proven strategies] for [educating] new customers about our [products/services]? Providing [accurate information] and [clear explanations] that [address] the client's needs and [solve] their pain points is something I want to make sure I'm doing.</p>
Generating weekly phone reports for insights and improvement	<p>Who could offer advice on how to reduce the [team name]'s call duration? Data on the "longest call durations," "frequently asked questions," and "customer feedback" should be referenced by that company. Offer suggestions as well for enhancing [call scripts], [training], and [tools].</p> <p>Who could give the [team name] advice on how to increase [customer retention]? Data on [customer feedback], [purchase frequency], and [customer demographics] should be cited by that company. Offer suggestions as well for enhancing [customer loyalty programmes], [customer support], and [product features].</p>
Handling escalated customer issues and complaints over the phone	<p>I'm finding it difficult to comprehend the customer's complaint about [our website/app]. Can you give me a list of possible fixes for typical [website/app] problems that I could propose as a fix?</p> <p>I've never encountered a problem like the one the customer is having with our [mobile/desktop] [website/app]. Could you give me some advice on how to solve the problem?</p> <p>The client is having difficulty using our [website/app]. Are there any tips you could give me on how to walk them through the [process/page] over the phone?</p>
Handling phone complaints with empathy and effective solution	<p>Hello, ChatGPT With a phone complaint, I need assistance. The client [demands/requests] [specific action/solution] because they are [upset/angry/frustrated] about [product/service/feature]. How can I listen to their worries with compassion and offer a workable solution?</p> <p>Hello ChatGPT, I have a caller on the line who is [complaining/expressing displeasure] about [problem]. Although they have already [taken particular steps] and [tried particular solutions], the [problem still exists] or [it has not been solved]. How can I sympathise with their predicament and offer a satisfactory solution?</p> <p>A customer who is [frustrated/upset/annoyed] about [issue] is on the queue. We don't want to lose them because they have been [a consistent customer for a long time/have made several purchases]. Can you offer some ideas for how to effectively address their worries while addressing them with empathy?</p>
Offering account management and security support over the phone	<p>ChatGPT, I'm not sure how to handle a phone-based account [security/management] issue. Would you please walk me through each step, beginning with [action]? What details do I need to obtain from the client?</p> <p>Hello, ChatGPT I'm having trouble using the phone to [action] a [specific security/management] issue with a customer. Could you please provide me with some advice on how to handle the situation and what records or data I need to get from the client?</p> <p>Hello, ChatGPT. Considering that I'm a new employee, I'm unsure of how to provide [security/management] support over the phone. Can you give me a step-by-step instruction manual on how to [action] different account issues, such as [specific issue]? What [security/management] guidelines must I adhere to?</p>
Moderating inappropriate or abusive phone conversations	<p>How can I [specific action] to de-escalate the situation when [specific behaviour] happens during a phone conversation? What would be the best course of action, for instance, if the customer began to [behaviour]?</p> <p>What are some tactics for dealing with a customer who exhibits [certain behaviour] during a phone call? For instance, how can I take [action] and [action] to fix the problem if the customer is [behaviour]?</p> <p>What are some best practices for contacting a client after a phone call that featured offensive or abusive behaviour? For example, what [action] can I take to guarantee that the customer's issue has been resolved and what [action] can I take to stop similar circumstances from occurring in the future?</p>
Handling product warranty and repair issues over the phone	<p>I received a call from a customer who is experiencing [PRODUCT] issues. Can you tell me how to check if it is still covered by the [WARRANTY TYPE] and how to make arrangements for a [REPAIR/REPLACEMENT]?</p> <p>A customer reports that there is a problem with their [PRODUCT], but they are not sure if the [WARRANTY TYPE] covers it. Can you help me understand the warranty conditions and, if necessary, schedule a [REPAIR/REPLACEMENT]?</p> <p>I have a customer who wants to return their [PRODUCT] for [REPAIR/REPLACEMENT/REFUND]. Could you walk me through the procedure and supply any [AUTHORIZATION/DOCUMENTATION] that is required?</p>
Generating weekly phone reports for insights and improvement	<p>Who could offer advice on how to reduce the [team name]'s call duration? Data on the "longest call durations," "frequently asked questions," and "customer feedback" should be referenced by that company. Offer suggestions as well for enhancing [call scripts], [training], and [tools].</p> <p>Who could give the [team name] advice on how to increase [customer retention]? Data on [customer feedback], [purchase frequency], and [customer demographics] should be cited by that company. Offer suggestions as well for enhancing [customer loyalty programmes], [customer support], and [product features].</p>
Chat Support	
Utilizing chat feedback to improve overall experience	<p>How can we quickly and effectively improve our [specific aspect of] services using [specific type of] customer feedback obtained via chat?</p> <p>What [certain areas] can we concentrate on to address the [issues/comments] raised by customers in our chat conversations?</p> <p>Can ChatGPT provide recommendations for enhancements across various [channels/touchpoints] and help us identify [patterns/trends] in [specific type of] customer feedback?</p>
Resolving customer issues efficiently	<p>What [specific steps/plans/tactics] can I use to [effectively/speedily] address [a customer issue] regarding [a particular good, service, or feature]?</p> <p>How can I provide [customer name] with tailored solutions for their [specific problem]?</p> <p>How can I [de-escalate/resolve] a [difficult customer situation] involving [a specific issue] using some [effective/proven] strategies?</p>
Providing training and guidelines for chat support	<p>What [problems/issues] do [customers/clients] typically encounter when utilising our [product/service]? To [troubleshoot/resolve] these [issues/problems], please provide a detailed response that includes [steps/instructions/guidelines].</p> <p>Describe a "difficult, challenging, or complicated" [customer/client] interaction you have had in the past. How did you [handle/respond] to the situation?</p> <p>How do you respond when a customer or client demands a reimbursement for a product or service they have [used/experienced] [extensively/frequently]? To handle the situation [effectively/professionally], please provide a detailed response that includes [company policy/guidelines] as well as [tips/strategies].</p>
Creating chat scripts for common issues	<p>How should I respond to a client who inquires about the [noun] of their [product/service]? Without making any promises we can't keep, I want to ensure that the customer has a clear understanding of when they can anticipate receiving their [product/service].</p>

	What should I say to a customer who is upset about the [verb] of their [product/service]'s [quality/condition]? I want to sympathise with their annoyance and provide them with a helpful solution.
Analyzing chat data to improve responses	How can ChatGPT assist us in [identifying/tracking] these [keywords/topics] to [improve/modify] our responses? What [keywords/topics] should we be [focusing on/paying attention to] in our customer conversations? The question is: "What [customer pain points/frustrations] are [most frequently/commonly] mentioned in our chat data, and how can we [address/solve] these [pain points/frustrations] in our responses to [improve customer satisfaction/retention]?" What techniques can we employ to gauge the effectiveness of our response tactics? How can we monitor metrics like resolution rates, response times, and customer satisfaction?
Managing chatbot and virtual assistant performance	How quickly does [Chatbot/Virtual Assistant] typically respond during [certain time period] and how can this be improved? Can [ChatGPT/other tool] pinpoint any typical problems that are causing delays? What frequently asked questions cannot [Chatbot/Virtual Assistant] answer, and how can we respond to these questions in a more [accurate/detailed/helpful] manner? How can we use [ChatGPT/another tool] to enhance the chatbot's [knowledge base/training]? Can [Chatbot/Virtual Assistant] be used to collect [certain type of] customer feedback? In that case, how can we use the feedback analysis to enhance our [product/service]? Can [ChatGPT/other tool] aid in our ability to spot trends in the feedback?
Managing chat presence across channels	How can I maintain a consistent brand voice and tone across all channels while managing chat presence on [messaging platform 1], [messaging platform 2], [social media platform], and [website]? How can I integrate [customer relationship management software] and [chatbot platform] with ChatGPT to automate chat presence management and enhance [messaging platform] and [social media platform] response times? What [data analysis tool] can I use with ChatGPT to spot patterns and trends in customer inquiries so that I can manage my chat presence in high-traffic times on [the messaging platform] and [the website] using data?
Generating customized chat responses	I require assistance with [the particular good or service] [that the business name] provides. I am specifically having trouble with [the particular problem you are encountering]. Could you walk me through the steps to fix this problem? Hello, ChatGPT I have a query regarding [a particular function or feature] of [the good or service] provided by [the company name]. Can you tell me more about [the particular query you have] and how it functions? Hello, ChatGPT. I need your help with [a particular task or procedure] for [the good or service] that [the business name] provides. I'm having trouble finishing [the task or process] on my own; could you walk me through the steps please?
Increasing chat engagement and satisfaction	How can we improve the chat experience for [a particular customer segment] that has [a particular pain point]? What are the primary causes of [certain customer segment]'s dissatisfaction with our chat support and how can [verb] [certain pain point] be addressed to enhance their experience? Can you offer [number] [adjective] suggestions for how to boost chat engagement without having [unfavourable results]?
Building customer trust and loyalty through chat support	I'm finding it challenging to comprehend the customer's problem. Can you offer me talking points and sample responses to make it easier for me to communicate clearly and [empathetically/better understand the issue]? The [product/service] has received complaints from the customer. Can you give me examples of how other customers have [resolved similar issues] successfully and provide advice on how to [avoid similar problems in the future]? The client requests a [discount/refund].* Can you tell me how to handle these requests and how to [maintain a good relationship with the customer], including best practises and guidelines?
Generating weekly chat reports	For [client/company name], create a weekly chat report that includes the total number of chats, the average chat length, the top 10 frequently asked questions, and user satisfaction ratings. Provide a weekly summary of [client/company name]'s chatbot's performance, including the number of unique visitors, the percentage of chats that are resolved without human intervention, and the number of escalations to human agents. Create a weekly chat report that lists the best chatbot skills for [client/company name], as determined by usage and user feedback, and offers suggestions for further improvement.
Email Support	
Troubleshooting product issues	ChatGPT. Help me troubleshoot [product name] please. The client reports [a succinct description of the problem] and [additional details]. Could you please give me some troubleshooting instructions to fix this problem? a customer emailed us about a problem with [product name]," the email said. No solution has been discovered by our team. Could you please give us specific [detailed] troubleshooting steps to fix the problem? Hey ChatGPT, we have a question regarding [product name] not working correctly. We don't know how to fix the [specific issue] that the customer has reported. Could you kindly provide us with thorough troubleshooting instructions for the problem?
Responding to lost password emails	[Username] sent us an email inquiring about a forgotten password. Can you help me by giving [him/her] thorough instructions on how to change [their] password? Please include any pertinent links or resources that can aid [him/her] in the process and provide steps that are specific to [website/app] login procedures. Hello, ChatGPT. I need your assistance in creating a reply to an email from [name] regarding a forgotten password. Can you convey a message that is both comforting and sympathetic while also making it crystal clear what needs to be done in order to reset their password? Please mention any security precautions they might need to take as well as any potential explanations for why their account might be locked.
Providing personalized solutions	Please assist me in drafting an email response to [CUSTOMER NAME] regarding their recent inquiry about [PRODUCT/SERVICE] if you can, ChatGPT. They expressed interest in [SPECIFIC FEATURE] and their desire to learn more about it. Could you offer some analysis and suggestions? Good day, ChatGPT. I'm having trouble writing an email response to [CUSTOMER NAME] who has complained about [PRODUCT/SERVICE]. They mentioned having trouble because of [SPECIFIC ISSUE]. Can you assist me in assisting them through the troubleshooting process and providing a detailed solution?
Providing email training and guidelines	Hey ChatGPT, could you [offer advice/provide guidelines] on how our customer support team can [improve email communication skills/communicate more effectively with customers]? Can you [suggest/recommend] [certain email structures/salutations and closings/email writing best practices] in particular? Hello ChatGPT, we want to [develop/improve] the [email writing skills/ability to handle customer inquiries via email] of our customer support team. Can you [generate/create] [customized/complete] [email training materials/email guidelines] that address subjects like [email tone and etiquette/efficiently responding to customer inquiries/avoiding common email mistakes]? We're looking for [realistic/actionable] suggestions that our group can [quickly put into practise or apply].
Providing customer feedback surveys	Hey [ChatGPT], would you kindly create a customer satisfaction survey for [customer name] on their most recent [product/service] experience? We're especially curious about what they think about [certain feature]. Can you assist me in creating a customer satisfaction survey for our [monthly/quarterly/yearly] report, [ChatGPT]? We want to learn more about [key performance indicator] and how we can make it better. Hello [ChatGPT], I need your help developing a customer satisfaction survey for our [new/upgraded] [product/service]. If the adjustments we made enhanced their experience, we want to know about it. If not, are there any other things we can do better?
Offering technical support and solutions	Hello ChatGPT, could you assist me with drafting an email reply to a client who is having trouble [completing a particular task]? I want to make sure they have all the necessary [resources/information] and give them specific instructions on how to [resolve the problem / finish the task] by [date/time]. ChatGPT, could you assist me in developing an email that offers a thorough explanation of how to troubleshoot a [certain error message]? I want to make sure my client has all the information they require in order to [fix the issue/resolve the problem] as soon as possible.
Offering customer retention and loyalty support	Please [suggest/provide recommendations for] [specific customer segment] to increase [product/service] retention and loyalty. Thanks, ChatGPT. Can ChatGPT analyse, evaluate, and suggest [personalized/targeted] [retention strategies/loyalty programmes] for [certain customer segment] based on [customer engagement/purchase history/feedback] data? What [best practices/strategies/tactics] can we employ to [retain/engage] [specific customer segment] [in a market with high competition/during slow sales periods/etc.]? Please, ChatGPT, [offer/provide] some [data-driven/actionable/innovative] insights on this.
Creating scripts for common issues	Hello, ChatGPT I require a template for [problem] that I can use in an email response to a client who is having [issue]. Please give me instructions so I can assist them in identifying and resolving the problem. Hello ChatGPT, can you create a script for [situation] so I can use it in an email to a customer? The script must contain [specific details] and offer simple, concise steps for resolving the problem. Hello, ChatGPT. I require an email script that specifically addresses the [issue description] that many of our customers frequently encounter. Please be specific about the issue, the steps to solve it, and any additional resources the client might find useful.
Analyzing customer behavior	Could ChatGPT give me some [adjective] advice on how to evaluate customer behaviour in our email support? How can we specifically [verb] the data we have to [goal]? I'd like to have a better understanding of the requirements and preferences of our customers for email support. Could you give me some advice on how to [verb] customer interactions to spot trends or recurring themes from ChatGPT? Can ChatGPT assist me in finding any relationships between [noun 1] and [noun 2] in our customers' emails? Is there a connection between the [noun 1] and the [noun 2], for instance? What can we do with this knowledge to enhance our email support?

Can you also suggest ways to lessen [company name]'s liability and the impact on [a particular customer segment]? How should [company name] manage a [product type] recall? What are the essential steps? Can you also suggest [a particular communication method] best practises for alerting interested parties and customers? Can you recommend reporting guidelines for [certain regulatory agencies] and suggested deadlines for a [product category] recall? What are the best ways to keep [certain types of records] and document [certain types of recall activity] for upcoming audits?
Creating email logs for tracking purposes	Please [generate/provide] me with a [advanced/customizable] email log [template/format] that tracks [customer support inquiries/sales leads/marketing campaigns] received and resolved [in a week/month/quarter] please ChatGPT. I need assistance setting up an email log for monitoring [internal team communications] and [outside client correspondence] on ChatGPT. Can you give me an email log [template/format] that includes [sender/receiver/date/subject] information and is [complete/detailed]? Hey ChatGPT, could you [help/assist] me [create an email log that tracks [product feedback/bug reports/customer complaints]]? I want to make sure that I record every piece of [relevant/important] data in my log, including [customer name], [product name], and [inquiry date]. Can you recommend a [effective/user-friendly] email log [template/format]?
Handling email complaints with empathy	Hey ChatGPT, could you help me write a [compassionate] reply to this email complaint about [issue]? I want to [apologize/feel sorry for the customer] and [offer a remedy or help] to fix the issue. ChatGPT, I need your assistance in creating a [conciliatory/apologetic] email in response to a client grievance regarding [specific issue]. Please respond in a manner that demonstrates our dedication to [customer satisfaction/high-quality service]. Good day, ChatGPT. I'm addressing a complaint about [issue] that was sent to us by a [disgruntled/frustrated] customer. Could you please send the customer an email that [addresses/acknowledges] their concerns and [offers/explains] a [resolution/plan of action] to resolve the problem?
Addressing billing and payment issues	Good day, ChatGPT. On their account, one of my customers is having [certain payment problems]. Could you give me some advice on how to [fix the problem] and make sure their payment is processed properly? I'm helping a customer who is having billing issues with [certain charge]. Could you give me some advice on how to [resolve the conflict] and come to a satisfactory conclusion? A customer is having trouble paying due to [detail the specific cause]. How can I assist them in [completing their payment] by suggesting [alternative payment methods/solutions]?
Creating onboarding emails for new users	Hey ChatGPT, I need a template for an onboarding email for new hires in the [position/department] at [company name]. Please provide an overview of our corporate culture, our goals, and information on how to use our software. Thanks! Hello, ChatGPT Can you make an introductory email for [new user name] who will start working for [company name] on [start date] in the [position]? Please explain the history of our business, the goals of [company name], and how to use the team collaboration tools. Good day, ChatGPT. I require a template for an onboarding email for new employees in the [position] department. Please include our company's values, the job description for [position], and our expectations for new hires.
Generating email analytics for trends analysis	Could you give us a thorough analysis of our [email marketing campaigns/newsletters/batch and blast emails] over the last [six/12] months? Insights on [the open rates, click-through rates, conversion rates, bounce rates, and overall engagement levels] are welcome. Based on [email open rates/click-through rates/conversion rates], what [topics/products/services] are our [subscribers/customers/leads] most frequently interested in? What can we do with this knowledge to enhance [our content marketing plans or email personalization]? What were the key [subject lines CTA/images] that made these particular [email campaigns/newsletters/promotional emails] successful in terms of [engagement and conversion rates/open rates and click-through rates]? Please give the data a [detailed/quantitative] breakdown.

Customer Service	
Providing technical support	Please provide more information about the [specific issue/problem] the customer is facing so I can give them more specialised technical support based on their particular circumstance. Can you suggest any specific [troubleshooting steps/checks] that I can recommend to address the [specific issue/symptoms] they are experiencing based on the customer's initial inquiry?" Could you offer any relevant [articles/resources/documentation] or [frequently asked questions (FAQs)] that I could share with the client to assist in resolving their [certain technical] issue?
Providing customer support for products	My [product name] is giving me problems, specifically with [specific issue]. Can you assist me in troubleshooting this issue? Can you suggest the best way to use [product name] for [specific need]? I'm interested in using [product feature]. I just bought [product name] and I'm trying to get it to work with [third-party software]. Could you please explain how to do this?
Providing account management support	Please provide the customer with a detailed breakdown of their account's [activity/usage] over the past [month/quarter/year]. What [specific/step-by-step] troubleshooting [procedures/steps] are there for a customer who is having trouble accessing [a particular feature/functionality] on their account? Can you describe the [exact/step-by-step] procedure for changing a customer's account [information/details], such as their [billing address/contact details/payment method]?
Handling customer inquiries	In order to respond to a customer query regarding [certain issue], I need your assistance. Can you assist me in creating a thorough and accurate response that addresses all of their concerns? They have questions about [related topic], [related topic], and [related topic]. ChatGPT, I have a customer who is having [specified problem] with their [specified good or service], and they've already tried [specified action] in vain. Could you give me a list of potential causes and remedies that might help them solve their problem?
Handling customer complaints	Can you give me [number] strategies or techniques to deal with [specific type of complaint] that is prevalent in my industry or business, as well as any pointers for effectively putting these strategies into practice given my [specific circumstance]? I need some help handling a particular customer complaint about [a particular issue] that I've run into with [a particular customer or group of customers]. Can you give me a step-by-step procedure for fixing this problem, along with any particular words or phrases I should use to speak with the customer based on their [specific characteristics]?
Creating customer feedback surveys	Hey ChatGPT, would you kindly design a customer satisfaction questionnaire for our [product/service] that focuses on [specific area] and asks questions about [specific topic]? Inquiries about general customer satisfaction and suggestions for enhancement are welcome. ChatGPT, we're interested in learning more about your experiences using our [product/service] from our customers. Could you assist us in developing a survey that includes inquiries that will enable us to gather more in-depth feedback on [specific area] and [specific area]? In addition, we want to know how happy they are with our [product/service] overall and whether they would suggest it to others.
Generating customer testimonials	Hey ChatGPT, could you make an endorsement for [Product/Service Name] that emphasises [Specific Feature/Benefit] and how it [has/will] benefit [target audience], [e.g. small business owners]" ChatGPT, could you provide a testimonial from a client who used [Product/Service Name] and had [positive experience]? If you can, include [detailed information] and the phrase or quote the customer used. I require a [Product/Service Name] testimonial from a [industry/niche] customer who has [certain pain point]. Can ChatGPT create a testimonial that details [how/why] [Product/Service Name] improved [this/her/their] [specific outcome] and [how/why] [Product/Service Name] solved [their/his/their] problem?
Generating support articles	[Specific issue] has been the subject of numerous inquiries. Can you produce a thorough support article that addresses [related topic] and offers detailed instructions on how to [certain action]? I must write a support article on [specific topic] that is intended for [certain audience]. Can you help me with that, please? Include any relevant [details or examples] as well as the [required information]. We've noticed that customers are increasingly having trouble with [certain task]. Can you create a support document that offers advice and best practises for [a particular action]? [Specific detail or requirement] must be included, please.
Order Management	
Resolving order issues	I'm having trouble with [an order/product] from a customer, and I'm not sure how to [resolve/escalate] the problem. Can you give me some [specific/step-by-step] advice? Hello ChatGPT, I need some help [handling/communicating] a [order/product] issue that has been [cancelled/damaged]. Could you give me a few [recommended/best practise] pointers? Hey ChatGPT, could you give me a few [specific] pointers on how to fix a problem with a [product/order] that has been [delayed/lost] in transit?
Providing return instructions	Hello [ChatGPT], could you kindly give [customer name] specific return instructions for [product/order] purchased on [date]? The [customer] is having [an issue with the product] or did not like it. Hello, [ChatGPT] I need your assistance to create a thorough return policy for [order number]. The customer wants to return the item(s) because [they are broken/they are no longer needed]. Please provide clear return instructions and options for [refund/exchange]. Hey [ChatGPT], a customer has contacted us regarding a return they want to make for [product/order]. They mentioned having [a problem with the product] and want [a refund/exchange]. Can you assist us in supplying the requested return instructions?
Handling return requests	Could you please provide me with some advice on [managing return requests for] [high-end products]? We want to avoid the higher-than-average rate of returns that we have been experiencing in the future. What are some typical [reasons for returning clothing item requests]? By addressing these problems, we can raise the calibre of our offerings. Can you give me advice on how to handle returns for [products that contain perishable items]? When a customer places an order with us, we want them to be satisfied.
Handling order payment issues	[Customer] sent me a payment [notification/email], but it [wasn't the right amount/was declined]." How can I [fix this problem/get the right payment]? I have a customer who, after receiving their order, [disputed their payment/claimed their card was stolen]. What should I [do to contest the charge/take the next steps into account]?" My [payment gateway/processor] is [not processing payments correctly/down for maintenance]. What should I [do to solve the problem/take into account as a different option]?
Generating order confirmations	Hey ChatGPT, create an order confirmation for [CUSTOMER NAME] for their most recent acquisition of [PRODUCT NAME]. The order number, delivery date, and any applicable discount codes should all be included. ChatGPT, I have a bunch of [NUMBER] orders that need order confirmations created. Can you create a template for each order that contains [PRODUCT DETAILS], [SHIPPING ADDRESS], and [PAYMENT METHOD]? I'm having a hard time creating an order confirmation for a complicated order, ChatGPT. The [PRODUCTS], [QUANTITIES], and [CUSTOMIZATIONS] are all included in the order. Can you assist me in producing a thorough confirmation with all necessary information?
Generating order cancelation confirmations	Hey ChatGPT, create an order cancellation confirmation for the recent [PRODUCT NAME] order placed by [CUSTOMER NAME]. [ORDER NUMBER] refers to the order. Include the reason for the cancellation, the amount of the refund, and any instructions for the customer's next move. I need to cancel a number of orders for [CUSTOMER NAME] on ChatGPT. Can you create a template with the order numbers, descriptions of the products, and dollar amounts of each refund for each order? ChatGPT, create an order cancellation confirmation for the recent [PRODUCT NAME] order placed by [CUSTOMER NAME]. [ORDER NUMBER] refers to the order. [REASON] is the cause of the cancellation. Include the specifics of the refund, any recommendations for the customer's next steps, and a statement of regret for the inconvenience.
Generating shipping notifications	Can you assist me in creating a shipping notification for order [order number] that was placed by [customer name] on [date]? On [delivery date], the package is anticipated to reach [destination], and I want to let the client know about this. Include any pertinent information and the tracking number, please. Hello, ChatGPT I need to notify some customers who preordered our new product that their orders have shipped. Can you assist me in creating a message that contains the anticipated delivery date, product specifics, and any other information I might need? Please personalise each message by utilising dynamic fields.
Generating refund confirmations	Hello ChatGPT, kindly generate and send to [Customer Email] a refund confirmation for order number [Order Number]. The amount to be refunded, the justification for the refund, and any applicable terms and conditions should all be included in the message. Please send me a refund confirmation for the [Product Name] that was returned on [Return Date] if possible. ChatGPT, Please provide the refund amount and payment method. Please create a refund confirmation for the following order: Order Number [insert order number], purchased by [insert customer name] on [insert purchase date]. Thanks, ChatGPT. Send the confirmation along with information on the amount to be refunded, the justification for the refund, and any applicable terms and conditions to [insert customer email].
Knowledge Mangement	
Generating training material for customer support	Please produce a thorough explanation of how to troubleshoot (the particular product or service)." Include frequent problems like [common problem 1] and [common problem 2], as well as [solutions 1] and [solutions 2]. Please put together a thorough guide for [the particular good or service]. The manual should cover essential components like [essential component 1], advantages like [benefit 1], and use cases like [use case 1]. Please use plain language throughout and provide examples of [example 1] and [example 2].
Generating safety guidelines	Given [HAZARD1] [SPECIFY DETAILS], [HAZARD2] [SPECIFY DETAILS], and [HAZARD3] [SPECIFY DETAILS], what are the most important safety precautions for [ACTIVITY] in [ENVIRONMENT]? By following [BEST PRACTICE1] [SPECIFY DETAILS], [BEST PRACTICE2] [SPECIFY DETAILS], and [BEST PRACTICE3] [SPECIFY DETAILS], how can [ACTIVITY] be made safer in [ENVIRONMENT] situation? What are the [INDUSTRY] industry's most effective safety regulations, taking into account [REGULATION1], [REGULATION2], and [HAZARD1], [SPECIFY DETAILS]?
Creating internal knowledge base articles	We require a knowledge base article for internal use that addresses a [specific topic] from [perspective/angle] and includes [key points/facts/figures] and [examples/case studies] as well as [key points/facts/figures]. Can you produce an article that satisfies these criteria? Our team is looking for a thorough reference on [topic] that includes [step-by-step guidelines, checklists, and tips] for [task, process, and activity], as well as [visual aids/diagrams, illustrations]. Can you write a piece that addresses each of these issues? We need an internal knowledge base article that explores [complex/technical topic] and clarifies it for [non-expert/stakeholder/audience] in a way that makes sense. Additionally, [real-world examples/industry best practices/restrictions/challenges] pertinent to the topic should be included in the article. Can you produce an article that satisfies these requirements?
Generating internal policy documents	Please create a document outlining the rules for [employee/contractor/vendor] behaviour on company [premises/property], including rules for [smoking/alcohol consumption/substance abuse/weapons possession] and access to [restricted areas/secure facilities]. Make sure it contains clauses relating to [certain topics], and use [placeholder for specific details]. I require [type of legal document] for [details of the property]. Please create a document with the following information in it, making sure that it contains clauses relating to [certain topics].
Social Media	
Utilizing user-generated content	How can we use user-generated content to make [our target audience's] marketing strategy better?*" Can you provide actionable insights by analysing the tone and sentiment of user-generated content relating to [brand/product]?*" What are the most prevalent themes and opinions regarding [product/service] expressed in user-generated content?*
Tracking competitor activities	How can we compare our product offerings to those of [competitors] and track changes to their product offerings, including features and pricing? How can the marketing strategy of [competitor] be thoroughly analysed to pinpoint its strengths and weaknesses, taking into account its target market, branding, and messaging? How can we evaluate [competitor's] social media presence, including customer engagement and content strategy, and offer improvements or strategies we can implement based on their approach?
Responding to customer inquiries	Can you give the customer who asked about it on [a specific social media platform] more information about [a specific aspect of the Product/Service]? What kind of tone did the customer use when they expressed their worry on [certain social media platform] about [certain Product/Service aspect]? Can you send the customer a personalised message in response to their question about [a particular feature of the product or service] that includes their name and any pertinent information from their message?
Researching and creating social content	Can you provide [number] original ideas for social media posts relating to [topic/keyword] that will help us engage our audience more?*" What are the newest fashions and trending hashtags on [social media platform] for [topic/keyword]? What steps can we take to include them in our content strategy? What [adjective] inquiries can we use on [social media platform] to engage our followers and encourage conversation?
Providing technical support	Would you kindly give me specific instructions on how to fix [certain problem] for the customer?*" The user is experiencing [insert difficulty with product or feature].* Can you aid me in determining the problem and offering a remedy? The customer has reported [insert issue or problem]. Could you please let me know if this is a known problem and whether a solution or workaround is available?
Monitoring brand mentions	Who at ChatGPT can give me a list of all the [social media platform(s)] where [brand name] has been mentioned recently? How can I find out from ChatGPT what the general [sentiment/tonality] of mentions of [brand name] on [social media platform(s)] over the previous [time frame]? How can we identify which of our [competitors/relevant industry terms] are mentioned alongside [brand name] on [social media platform(s)]?
Managing social media presence	What are some efficient ways to grow [engagement/followers] for our [brand/company] on [platform(s)]? Could you offer some recommendations for [ad copy/caption text/hashtags] optimisation on [platform(s)] to boost [click-through rates/engagement] for our [target audience]? Can you recommend some popular [topics/hashtags] in the [industry/niche] around which we could produce [content/posts/tweets] for the [platform(s)]?
Managing social media ads	What are the best methods for [social media platform] audience targeting? Give me advice on how to target my ads most effectively for the [demographic] demographic. Could you offer some concepts for catchy ad copy for a [good/service] on [social media platform]? Please offer at least three distinct choices. How can I increase the click-through rate on [product/service] social media ads? Please give me techniques to improve the effectiveness of the ads.
Increasing engagement and followers	How can I [promote/increase/boost/ignite] engagement on my [Instagram/Twitter/Facebook/LinkedIn] platforms in a distinctive, creative, or innovative way? For my [industry/niche/brand] on [Instagram/Twitter/Facebook/LinkedIn], could you send me a list of [relevant/trending/popular] hashtags? What [compelling/eye-catching/high-quality] [images/visuals/photos/graphics] can I produce to [drive/boost/increase/ignite] engagement on my [Instagram/Twitter/Facebook/LinkedIn] posts?
Handling social media crises	How can we [improve/enhance] our [proposed/existing] social media crisis management [strategy/plan] using ChatGPT? What are the [essential/crucial] elements of a [successful/effective] social media crisis management strategy, and how can we [tailor/optimize] it to meet the [specific/personal] needs of [Company Name]? How can we track [specific] sentiment during a crisis in [Industry Name] by monitoring social media conversations and [using/incorporating] [specific] [social media analytics tools/data sets]?
Analyzing social media data	Who can tell me the most popular [number] trending [topic/hashtag] on [social media platform] over the past [time frame] related to [keyword], as well as the main [themes/sentiments] associated with each [topic/hashtag]? What is the [reach/engagement/sentiment score] of the top [number] [influencer/personality/brand] on [social media platform] for [keyword]? Can you provide a [sentiment analysis/sentiment report] broken down by [country/language/user demographics] for [social media platform] posts mentioning [keyword] over the past [time frame]?
Collaborating with influencers	How can [top/emerging/micro/macro/nano] influencers in [certain industry/niche] be found using [certain tool(s)/platform(s)]? What are the [most effective/efficient/best] practises? How can I choose the best influencer [compensation/budget/rate] based on [certain metrics/criteria] for my [certain campaign/product/service]? How can we work with influencers to promote [a particular campaign/product/service] in a way that [resonates with/attracts/engages] [a particular target audience]? What are some [innovative/creative/unconventional] ideas?
Building customer relationships	How can I effectively tailor my interactions with [customers/clients] based on their prior [purchases/interactions], [feedback/reviews], and [feedback]? How can I use this data to make my [products/services] more in line with [their needs/preferences]? How can I avoid the common mistakes [businesses/companies] make when it comes to [customer service/interactions]? How can I deal with [tough/unhappy] [customers/clients] in a [professional/effective] way? How can we obtain customer or client [feedback/review] and use this data to [improve/enhance] our [products/services]? How can [surveys/focus groups] and other forms of [customer research/analysis] be conducted effectively?
Chatbots & Virtual Assistance	
Updating chatbot and VA content for promotions	I want to incorporate [unique and interesting promotion ideas] for [product/service] into my chatbot or virtual assistant. Can ChatGPT help? How can the content of the chatbot/virtual assistant be [customised and personalised] to [highlight and promote] the current [promotions/sales/deals] for [product/service]? What [strong and potent] calls to action could I employ to [increase engagement/drive sales] for [product/service] on the chatbot/virtual assistant?
Updating chatbot and VA content for new products	How can the [CHATBOT/VIRTUAL ASSISTANT] for [PRODUCT NAME] be updated? How do I [INSERT SPECIFIC TASK, FOR EXAMPLE, ADD A NEW PRODUCT FEATURE OR UPDATE PRICING INFORMATION]? Please advise. How do I make sure the [CHATBOT/VIRTUAL ASSISTANT] content for [PRODUCT NAME] is correct and current? Can I consult any [INSERT SPECIFIC RESOURCE, SUCH AS TRAINING MATERIALS OR BEST PRACTISES]? How should [CHATBOT/VIRTUAL ASSISTANT] be trained on [PRODUCT NAME] according to the best practises? Do you have any [INSERT SPECIFIC RESOURCE, SUCH AS TRAINING DATASETS OR TOOLS] recommendations that I could use to increase accuracy?
Updating chatbot and VA content for accuracy	What [are the steps/procedures] are necessary to [start/perform] [an update to a particular question or section] on [our chatbot/virtual assistant] in order to [ensure/maintain] its [accuracy]? Could you give us a thorough, in-depth [set of instructions/guide] on [how to guarantee/update the accuracy] of [all questions/sections] on [our chatbot/virtual assistant]? Is there a [standard/ recommended] [checklist/ framework/ protocol] for [reviewing/ updating] [the content of] [our chatbot/virtual assistant] to [guarantee/ improve] its [accuracy]?
Providing chatbot and VA training on complex issues	How can I successfully train a chatbot or virtual assistant to handle [certain complex issues pertaining to the company's product or service]? What [specific strategies, tactics, or techniques] should I use? How can I [successfully/train/improve] a chatbot's or virtual assistant's capacity to [effectively/accurately/efficiently] respond to [certain complex scenarios/complicated issues]? What [best practices/essential elements/key steps] should be followed when [designing, implementing, and evaluating] a thorough training programme for chatbots and virtual assistants on [certain complex issues pertaining to the company's product or service]?
Providing chatbot and VA training for new users	For [new/existing] users to successfully use [our company's/specific] chatbot and virtual assistant, I need to [create/improve] a [comprehensive/specific] training [program/workflow]. What [steps/best practices/tips] should I follow to [design, implement, and evaluate] this training programme using ChatGPT/advanced AI technology? To help [new/existing] users [understand/utilize] the [core/advanced] features of [our company's/specific] chatbot and virtual assistant, I, a [chatbot developer/chatbot trainer], want to develop a [customized/engaging] training [manual/video/interactive course. Using [ChatGPT/advanced AI technology] can you [provide/generate] some [useful/innovative] training [ideas/resources] to [simplify/optimize] the [learning/training] process?
Providing chatbot and VA training for language support	How can I make sure that my training programme is [adjective] and adheres to [noun] of our company? What are some of the most efficient [adjective] techniques and [noun] that I can use to provide comprehensive training for [type of chatbot or virtual assistant] to handle [language]-speaking customers? What are some of the [adjective] [noun] that I should take into account when developing my programme, and how can I use [type of technology] to create a dynamic and interactive training programme that [verb] [type of chatbot or virtual assistant] to handle complex [language]-related queries?
Optimizing chatbot and virtual assistant performance for speed	How can we use ChatGPT's AI capabilities to [analyze/identify/resolve/address] any [issues/bottlenecks/challenges] that may be impeding [its/their] performance and what are the most efficient ways to [improve/enhance/boost/optimize] the [speed/efficiency/performance] of our [chatbot/virtual assistant]? How can ChatGPT and your AI capabilities help us [track/analyze/measure/improve] these [metrics/KPIs/performance indicators] over time? "Can you recommend any [specific/measurable/actionable/relevant] [metrics/KPIs/performance indicators] that we should use to evaluate the [speed/efficiency/performance] of our [chatbot/virtual assistant]?" How can we use [ChatGPT/your AI capabilities] to [train/optimize/develop/improve] our [chatbot/virtual assistant] so that it can [provide [faster/more accurate/more relevant/more personalised] responses to user queries, and what [best practices/strategies/approaches] should we follow to ensure [continuous/ongoing/real-time] [learning/optimization]?
Handling virtual assistant inquiries for restaurant reservations	I'm having trouble [managing/responding to/processing] virtual assistant requests for [dining reservations/restaurant reservations]. Is there anything ChatGPT can do to [improve/optimize/streamline] the [reservation process] or [the customer experience]? How can ChatGPT help us handle [customer inquiries/booking requests] for [restaurant reservations/dining arrangements] [better/faster/more accurately] using our [virtual assistant/digital] [reservation system/booking platform]? I am responsible for [handling/responding to/managing] virtual assistant [reservations/booking] inquiries as a [restaurant staff/team member/booking agent], and I would like to [improve/optimize/streamline] the [reservation process/customer experience]. What [tools/features/functions] does ChatGPT [offer/provide/have] for [virtual assistant inquiries/restaurant reservations] and how can it [help/support/assist] me [with this task/challenge]?
Handling virtual assistant inquiries for product support	I need assistance in responding to a [type of inquiry] from a customer regarding [certain product/feature]. Could you give me some ideas for answers and sources I could use in my response? I'm unsure of how to answer a customer's question regarding [certain product/feature]. Can you help me come up with a response that informs them accurately and takes care of their problem? [Specific product/feature] has been reported to have a problem by a customer, but I'm not sure how to fix it. Could you advise me on the best course of action to take to solve their problem?
Handling chatbot inquiries for returns and refunds	What are the procedures that the chatbot should walk a customer through in order to [return/exchange] a [product] if there is a problem with it after they have purchased it? How can the chatbot help a customer who reports a [defective/damaged] [product] process their [refund/replacement] request? What details ought to it elicit from the client? What choices ought to be made available to users who wish to [modify/cancel] their [return/exchange] requests for a [product]? How should it validate the customer's identity and order details?
Handling chatbot inquiries for product recommendations	I need assistance handling a customer inquiry for [product category] on ChatGPT. Can you suggest any [product feature] items that would be suitable for their needs? Hey ChatGPT, I'm attempting to offer some product recommendations to [certain customer segment]. What well-liked [product category] do you suggest for [the customer's problem]? Can ChatGPT assist me in responding to this customer's query? A [product category] with [a particular product feature] is what they are looking for. Have you got any suggestions?
Generating virtual assistant responses for travel planning inquiries	Create [number] travel itineraries for [destination] that include [specific activities] and [specific accommodations] using ChatGPT/virtual assistant. Could you assist me with that? I want to build a virtual assistant that can answer questions about [certain travel-related topics] using [certain information sources]. Could you explain the procedure to me? Can you demonstrate how to use ChatGPT or a virtual assistant to generate answers to [specific travel planning inquiries] while taking into account [budget, time constraints, and personal preferences]?

Designing chatbots for sales support	How can we [tailor/customize] the chatbot's responses to [meet/reflect] the specific needs and preferences of our [target audience/customers]? What are the best practises for designing a sales [chatbot/assistant] that can [answer customer questions, provide product recommendations, close sales]? What [strategies/tactics/techniques] can you [provide/give] for designing a [highly effective/successful/engaging] sales [chatbot/assistant], including [tips/guidance/suggestions] for [managing/overcoming] typical challenges like [handling difficult customers/upselling and cross-selling products/avoiding misunderstandings]? What metrics or indicators should we [track/monitor/analyze] to [optimize/improve] our sales [chatbot/assistant]'s [user experience/customer satisfaction/sales results]? How can we [evaluate/test/measure] the [performance/effectiveness/ROI] of our sales [chatbot/assistant]?
Creating virtual assistants for customer onboarding	What [tools] and [programming languages] should I use to build a virtual assistant for [details of the onboarding process]? During the onboarding process, "How can I [train] a virtual assistant to handle particular types of questions or problems?" What [metrics or KPIs] should I monitor to [assess] a virtual assistant's efficiency in customer onboarding?
Creating virtual assistants for financial advice and planning	How can [ChatGPT/other AI technologies] be integrated into the [UI/UX/architecture] of the virtual assistant? What are the [steps/process/requirements] involved in [designing/developing/programming] a [voice/chat]-based virtual assistant for providing [personalized/customized] financial advice and planning services? What [datasets/algorithms/models] are [recommended/available] for this purpose? How can we use [natural language processing/NLP], [machine learning/ML], and [big data analytics] techniques to improve the [accuracy/reliability/personalization] of the [financial advice/recommendations/planning] provided by the virtual assistant?
Recruiting	
Writing negotiation scripts for job offers	I'm [Job Title] negotiating a salary range of [Desired Salary Range] with [Company] in exchange for a job offer. I'm unsure of how to negotiate, though, without jeopardising the offer. Can you assist me in creating a plan to [Negotiate Salary/Benefits/Other Perks] that is in line with my objectives? [Company] offered me a job, and it comes with [Compensation/Benefits/Perks], but I'd like to [Increase Negotiation Factor/Decrease Negotiation Factor/Change Negotiation Factor].* Can you assist me in negotiating [Higher/Lower] [Compensation/Benefits/Perks] while preserving our working relationship?
Writing job descriptions	What are a [job title]'s primary duties and requirements at [company name]? Please give a thorough breakdown of the daily responsibilities, necessary abilities, and any relevant training or experience. How can we create a job description for a [department name] position at [company name] that attracts top talent? Include any essential qualifications, duties, and distinguishing characteristics of the position that might attract candidates. Can you give me a sample job description for a [job title] position at [company name] or a template for one? Include all necessary qualifications, significant duties, and other pertinent information.
Creating interview questions	I want to design interview questions that showcase interviewees' [certain skill or trait] while also examining how they've applied this skill/trait to [certain accomplishment or project].* Could you suggest some inquiries? I need to come up with interview questions that ask candidates to describe a time when they worked together on a team to complete a particular task or project and what part they played in its success. I want to develop interview questions that gauge candidates' capacity for strategic thought by asking them to describe a plan for [certain goal or objective], including potential obstacles and how they would handle them. Any recommendations?
Creating onboarding plans	Can you assist me in developing a thorough onboarding strategy for [new employee name] who will start working as a [job title] in the [department] department on [start date] and who will be accountable for [specific task/duty/responsibility]? How can I make sure that the onboarding plan includes these requirements as well as additional opportunities for growth and development in these areas? What are the [specific skillset/training/education] requirements for [job title] in the [department] department? How can I make sure that our organization's distinct [work culture], [communication style], and [management approach] are considered in the onboarding plan, as well as how [new employee name] can navigate these effectively given [previous experience, communication style, and work history]?
Conducting market research for hiring	What have been the [insert specific event, such as COVID-19 or a recent industry disruption] effects on [insert location], [insert state/country] job trends for [insert specific job title] positions over the past [insert number] years? Please list all [insert industry] businesses in [insert location] that have [insert specific attribute], [insert number] or more employees, and [insert number] years of operation or more. What [insert hard/technical or soft/personal] skills are most crucial for a [insert job title] in [insert industry], and how do they differ depending on [insert specific job function or seniority level]?
Creating social media recruiting campaigns	Can you suggest a theme for a [adjective] social media recruiting campaign that appeals to [target audience] and emphasises our business' [unique selling point] in the [industry/niche]? What innovative ways can [certain social media platform] be used to engage and attract candidates in the [certain location] region for [position]? How can I use user-generated content from my current staff to build a more compelling and authentic social media recruiting campaign for [the position/industry]?
Implementing campus recruiting programs	Given the distinctive [demographic/psychographic/geographic] characteristics of each group and their corresponding preferences for [channels of communication/employer brand attributes], what are some effective strategies for targeting [specific student groups] in our campus recruiting programme? Can you offer advice on how to write captivating job advertisements that appeal to [certain majors], while also successfully showcasing our [company culture/values/mission/impact] and addressing typical [concerns/objections/questions] among potential candidates? What are some best practices for analysing this data to identify areas for improvement/adjust our recruitment tactics/track candidate quality over time? How can we measure the success of our campus recruiting programme in terms of [metrics or KPIs]?
Screening resumes for qualifications	Can you give me a list of the top 5 applicants with the most relevant experience in [industry]?* Please list the candidates who have a degree in the specified field and have worked in the specified industry for more than the specified number of years. Which applicants have expertise in "skill" and experience working for organisations with more than "number" employees?
Developing succession planning strategies	Which [3-5 most crucial/essential] competencies and skills are necessary for [position/role] in our [company/organization] based on [job analysis data, workforce analytics, and industry research]? How can we develop [tailored/personalized/individualized] plans for [top performers/high potential employees] to get them ready for [certain leadership roles/future career advancement] in our [division/region]?
Training and Development	
Writing training feedback surveys	Can you create survey questions to gather feedback for a [certain training programme] that is focused on [a particular skill or topic]? I want the questions to focus on [certain facets of the training, like the performance of the trainer, the course material, or participant engagement]. Would you be able to give me some sample questions that I could use to get feedback on how the [trainer] performed during a [certain training programme]? I'm specifically curious about the trainer's methods for engaging students and presenting the course material. I'm looking for inquiries that will enable me to evaluate [participant engagement] in the [certain training programme].* Can you give me some questions that focus on [specific ways to measure engagement, like participation in activities, amount of interaction with the trainer, etc.]?
Writing performance review templates	Please create a template for a performance review for [employee's name], who holds the position of [job title] in [department name]. Among other things, [He/She/They] are in charge of [Responsibility 1], [Responsibility 2], and [Responsibility 3]. [Name of Employee] has accomplished [Achievement 1], [Achievement 2], and [Achievement 3] over the past year. While there is room for improvement in [area for improvement 1], [area for improvement 2], and [area for improvement 3], [he/she/they] could do better. Please provide specific details and metrics to back up your assessment. Please assist me in developing a thorough performance review template for [employee's name] who holds the position of [job title] in [department name]. According to [metric 1], [metric 2], and [metric 3], [he/she/they] are accountable for [responsibility 1], [responsibility 2], and [responsibility 3], respectively. [Employee's name] has demonstrated [soft skill 1], [soft skill 2], and [soft skill 3] over the past year, in addition to putting forth exceptional effort on [project name] and [project name]. While there is room for improvement in [area for improvement 1], [area for improvement 2], and [area for improvement 3], [he/she/they] could do better. Please offer advice on how to advance your career, as well as specific examples and metrics to back up your assessment.
Writing learning transfer plans	In order to [accommodate/address/overcome] the [unique challenge/obstacle] of [specific learner group] and [ensure] [specific outcome/goal], can you provide some key elements to include in a learning transfer plan for [specific training programme]? What are some best practices for developing a learning transfer plan that [integrates/revers/signs] [certain technology/methodology/learning style] to ensure successful transfer of [certain skill or knowledge] for [certain learner group] in [certain work environment/industry]? What [engages/motivates/empowers] [specific learner group] to [apply/utilize/transfer] their learning to [specific work task/situation/challenge] and [overcome/avoid] [specific problem/issue]?
Writing learning assessment reports	I need assistance with [specific topic] because I'm writing a learning assessment report on [subject]. I need information on [subtopic] and [subtopic], please, so I can include it in my report. Could you also offer some [adjective] methods for structuring the information so that it is understandable and interesting to the reader? Organising my report for [class name] is proving to be difficult. Can you give me a plan to follow that includes [specific requirement], [specific requirement], and [specific requirement]? Additionally, could you provide some [adjective] examples to back up my findings?
Writing leadership development plans	Can you recommend [specific resources, experts, or programmes] that will enable [specific individual/team] to develop [specific leadership skill/ability] in [specific area/industry] and get past [specific challenge/obstacle] like [specific issue/problem]? How can we use [certain technology, data, or analytics] to develop a data-driven leadership development plan for [certain individual or team] that monitors [certain metrics, performance, or ROI] and offers [certain feedback, coaching, or training]? How can we ensure that our leadership development plan for [a particular individual or team] is inclusive and takes [specific diversity/equity/inclusion] considerations such as [specific factors/indicators] into account?
Creating training materials	I'm developing a training programme for [audience] and require some prompts on [topic].* Can you come up with [number] of prompts that are pertinent to [audience's] needs and experiences and that also include [certain feature or aspect]? I want to include [number] examples that highlight real-world applications as part of my training materials on [topic]. Can you give me examples from [your industry/field] that show [a particular skill or technique]? I want to make sure that my [topic] modules are useful and interesting as I'm creating a series on the subject. What are [number] helpful hints I can use to develop [topic] effective training materials that account for [certain restriction or limitation] and incorporate [certain type of media or interactive element]?
Designing e-learning courses	I'm creating an online course on a [wide-ranging topic], but I'm having trouble coming up with [relevant/appropriate] [case studies/examples] for [a particular aspect of the topic]. Can you aid me in coming up with some [specific/unique] that I can [integrate/incorporate] into the material of my course? I want to make sure that the e-learning course I'm [planning/designing] is [engaging/effective] for [a particular audience]. Would you be able to offer any [specific/unique] tips or tools I could use to [promote/encourage] [active/interactive] learning and [knowledge retention/application]? I want to develop a [inclusive/accessible] e-learning course for [certain group]. In order to [ensure/guarantee] [accessibility/inclusivity] for [learners/students] with [specific/unique] [needs/disabilities], can you recommend [specific/unique] [tools/techniques/strategies]?
Developing competency models	Could you explain how [a specific competency] fits into the context of [a particular industry or field] and make suggestions as to how it might be incorporated into the competency model for [a job title] at [level] level? What are some instances of [behavioral/technical] indicators that show mastery of [certain competency] and how can they be applied to find [job family] in [certain department/division] development opportunities? Could you suggest a set of [behavioral/technical] competencies for a [job title] role in [specific country/region] based on industry research and best practises, and explain how they apply to the local market?
Developing learning objectives	I need assistance developing learning objectives for [specific topic/subject] that are aligned with [specific learning outcomes/objectives] in [target industry/field] for [type of course/training programme]. Describe how to make them [specific/measurable/attainable/relevant/timely] for [target audience]. Can you assist me in developing a list of [number] clear and specific learning objectives for a [level of learners, such as beginners or advanced] [topic/subject] course that [incorporates/aligns with] [specific learning outcomes/objectives]? For my [target audience], I want to make sure they are [measurable/attainable/realistic]. I need help [writing/developing] learning objectives that [align with/incorporate] [specific learning outcomes/objectives] because I'm [teaching/facilitating] a [type of training/education programme]. How can I make them [specific/measurable/attainable/relevant/timely] for my [target audience]? Please offer some [tips/guidance].
Creating employee handbooks	How can we make sure that our employee handbook complies with [certain laws or regulations] while also being [adjective], [adjective], and reflecting our company's [certain values or culture]? Can you assist us in developing a section on [a particular topic] that addresses [certain policies or procedures] and is [adjective], [adjective], and [adjective] to employees? I need advice on how to put together a comprehensive benefits package that includes [certain benefits] and [certain factors, such as cost, employee preferences, or industry standards]. How can we write an employee handbook that is easy for employees to read and understand while also being [adjective], [adjective], and [adjective]?
	[Employee name] needs to improve their [specific skill], so I'm designing an employee development plan for them. Can you recommend [number] learning opportunities that fit both our organization's needs and their career objectives?

Conducting 360-degree assessments	Can you give me some examples of 360-degree assessment questions with a focus on [insert particular skills or competencies] for [insert job position] in [insert industry]?
Developing leadership training materials	Can you provide examples of effective leadership strategies for [specific industry or field] that have been successful in achieving [specific organisational goal]?
	How can [certain leadership skill] be developed through [certain activity or scenario], in [certain context], to help [certain organisational goal] be attained?
	Can you offer me advice on how to include [specific leadership theory] in training materials for leaders that are tailored to [specific audience or demographic] and align with [specific organisational value or culture]?
Creating leadership development reports	Can you assist me by examining [name's] [leadership qualities], [management skills], and [communication style] to create a leadership development report? Include [specific] strengths, [customised] actionable steps, and opportunities for [specific] growth.
	I need to evaluate [name's] leadership qualities by looking at [team-building skills], [decision-making methodology], and [conflict resolution abilities]. Can you create a report that identifies both their [distinctive] areas of strength and improvement?
Conducting leadership effectiveness surveys	Can you assist me in developing survey questions that accurately evaluate the leadership effectiveness of [specific position or level, for example, mid-level managers] in our [specific department or team] based on [specific leadership theory or model]?
	What are some best practices for creating leadership surveys that precisely measure [certain dimension or skill, such as emotional intelligence, conflict resolution] in [certain type of organisation or context, such as non-profit, virtual teams]?
	Could you give some examples of assessment questions for our [certain department or team's] [certain type of leader, such as transformational or situational] in [certain dimension or situation, such as crisis management or cross-cultural communication]?
Developing digital leadership training	How can a leadership training programme for [specific type of organisation] that focuses on [specific learning objective] incorporate the digital leadership trends for [specific industry]?
	Can you offer [specific type of organisation] a thorough training programme on effective digital leadership communication strategies that is specially suited to [specific demographic] employees?
	What are some best practices for creating a digital leadership training programme that incorporates [certain digital tools or technologies] and focuses on [certain learning objectives] based on the specific needs of [certain type of organisation] and the demographics of [certain target audience]?
